Product Image

Description

C-1500P Light-Duty Circle Cutter to cut a circle from 1.8 – 17cm in diameter, white body

No evidence of a centre pin mark remains

Suitable for creating arts and crafts, model-making, and other light projects

Cutting circles just got a whole lot easier, cut a precise circle from 1.8 – 17cm in diameter, easy to use, realise locking screw slide to size and lock into position, pivot side surface is marked with ruler (cm) increments, for arcuate diameter size setting

Cutting Diameters

- Minimum: 1.8cm
- Maximum: 17cm

Cut circles on thin material or scribe lines on tough thick materials.

A handy centre gauge to help locate the centre point..

Need Bigger Circles..? Cut circles up to 40cm with the extension beam CE-700P use this attachment for larger circles (from 16-40cm in diameter) the CE-700p Extension beam is sold separately.

Perfect for making art & crafts project, model making, scrapbooks, sign making and other light-duty jobs.

Circle cutter comes pre-loaded with BDA-200P 45 degree blade, ideal for precision work.
